Stats / Comparing measures of center and variation

Comparing measures of center and variation

The ages of the members of four teams are summarized below. Answer the questions about them.

Team A: The mean age is 39 and the range of ages is 17.

Team B: The mean age is 44 and the range of ages is 23.

Team C: The mean age is 45 and the range of ages is 15.

Team D: The mean age is 41 and the range of ages is 24.

*range = max - min
↳ varies
How spread out*

(a) Based on the information above, which team's ages have the most variability?

☐ Team A

☐ Team B

☐ Team C

☒ Team D

(b) Based on the information above, which team has the oldest members on average?

☐ Team A

☐ Team B

☒ Team C

☐ Team D
